

ENRICH YOUR VISITOR EXPERIENCE

RAPID™

Real-time Automated Patient Information Display

Influence HCAHPS survey results with advanced improvement to the perceived Patient Experience of Care.

Improve Caregiver Communication

Provide accurate, real-time updates on important patient information while respecting HIPPA requirements for patient privacy.

Eliminate Paper Clutter

Create a positive visual impression on visitors and guests, reassuring them that loved ones are in a 'state of the art' hospital, committed to the best quality of care.

Customizable Display

Maintain brand consistency with a display developed to meet your hospital look and feel. Customize the display colors to match existing hospital decor.
